# QUICK INTERNET SAFETY CHECKLIST

BROUGHT TO YOU BY NWH TENANTS

When shopping online, look out for...

- Familiar, trusted sites
- A padlock symbol in the browser window frame
- http changing to https
- Purchase details before confirming payment
- The sellers' privacy policy and returns policy

**1** Passwords: Never share, have a strong password, change regularly, check strength on [howsecureismypassword.net](http://howsecureismypassword.net)

**2** Personal information: limit the amount you share publicly, never share any personal information or pictures on public websites or with strangers. Think carefully before posting anything online.

**3** Log out of EVERY site you log in to, especially when using public computers as closing the browser won't automatically do this for you
